## Sirius Raspberry Dessert Wine

This beautifully fragrant, port-style dessert wine is produced from estate grown raspberries and fortified with our own grape brandy.

### Vintage Overview

Our Sirius line of dessert wines are non vintage specific because they are made from a mix of fruit from different orchards and then fortified with grape or fruit brandy. High quality fruit is always sourced and blended into each batch.

### Flavor & Aroma

The essence of fresh raspberries combined with the warmth of brandy make this a delicious dessert wine.

### Aging Potential

Enjoy this wine for the next five to ten years.

### Thoughts for Food

This is the perfect accompaniment for rich chocolate desserts. Our favorites include flourless chocolate cake and fudge brownies. It also makes a delicious Kir Royal when combined with the Be Dazzled.
