

## 2013 Arcturos Pinot Noir Rosé

Just because it is pink it does not mean it is sweet. Dry style roses are making a comeback because of their wonderful fruit forward flavors and versatility with food. Made from 100% Pinot Noir this wine has the classic Pinot Noir bright red berry notes and crisp dry finish. It is the quintessential summertime wine.

### Vintage Overview

2013 was a strong vintage producing high quality grapes. There was a well balanced amount of fruit in the vineyards that yielded a great batch of grapes to make this rosé.

### Flavor & Aroma

Delicate fruit and subtle minerality on the palate combined with flavors of fresh strawberries followed by a refreshingly bright finish.

### Aging Potential

Drink now or within the next two years.

### Thoughts for Food:

Try it with salads and light pastas. It is amazing with seafood - especially salmon and shrimp. Lunchtime is not too early to start sipping...or sip it while you watch the sunset from the deck...it is just the perfect color to add to the ambience!
