

2010 Vintners Select

What we love about this blended red is its fullness and rich characteristics reminiscent of a Bordeaux-style blend. We aged it in a combination of newer French, European, and American Oak so the wine possesses more barrel essence than is typical for our premium reds. This is a fabulous sipping wine or one to enjoy with hearty cool weather dishes.

Vintage Overview

2011 was a strong vintage producing high quality wines. The warm and extended growing degree days allowed for more maturation of the red grape varietals that make up this wine.

Flavor & Aroma

It is a full-bodied, dry red with rich dark fruit flavors that are complemented by hints of cocoa and spice.

Aging Potential

This wine is stellar now but, with appropriate cellaring, will develop exceptionally during the next three to five plus years.

Thoughts for Food

Enjoy this hearty, merlot-based blend with robust meals including braised meats, stews and rich sauces.

Bottling: 761 cases
