

2013 Arcturos Grüner Veltliner

Tasting Notes: This is our first release of this varietal. The Arcturos Grüner Veltliner has fruit qualities of ripe golden delicious apples, or yellow plums, an herbal quality that is similar to the grassiness you get in Sauvignon Blanc, but also a white pepper spice that makes it that much more dynamic! Excellent with fish and white meats, this wine is also beautiful as an aperitif.
