

Red House Pinot Noir

Black Star Farms is located on the same 45th Parallel that runs through some of the great wine regions of the world. Our unique “lake effect” climate allows us to produce classic varietal wines that truly express our dynamic wine region. Fruit is sourced from both the proprietor’s vineyards and from those of local grower partners on the Old Mission and Leelanau Peninsulas. This diversity allows us to obtain consistent quality across vintages.

Winemaker Comments

Black Star Farms and its grower/partners are the largest growers of this variety in the state, and produce more wines from Pinot Noir than any other Michigan winery. This wine possesses much of the typical character that we expect from this variety, but simply in a lighter format. Drink this as a casual sipper, or with more delicate red wine fare.

Tasting Notes

Red berry flavors and aromas are followed by elegant oak and subtle earthiness.
